SENATOR MARSH: Mr. President, I rise to support this proposal. Let's bring 877 back and adopt this second amendment which would make it a better bill. Because we want the reporting provision in this bill. This would make any person who would say they would be a candidate be responsible for making his financial report. This is a needed piece of addition to this bill.

PRESIDENT: Senator Warner. The motion is just to return the bill to Select File for specific amendment as...

SENATOR WARNER: As I understand the amendment it would essentially have the affect of the previous wording. I did want to call everybody to the attention of this having contact some of the television. They tell us that federal regulations now on the equal time requires equal time for any person who has publically announced. And the also that the present..that the federal regulations would take precedence over any present state law in any event. So the problem will not be relieved or changed one way or the other, but the language that is offered by Senator Chambers is to me to be of the same concept that was originally there. I do not object to it, but I do want the body to understand that we are not changing apparently anything to do with what the equal time provisions for either radio or television.

PRESIDENT: Is there any further discussion of Senator Chamber's motion. Senator Chambers do you have any closing. No closing.
